About the Camp

The Joel Shannon Summer Sailing Camp was founded over twenty years ago in memory of Joel Shannon, a local sailor with an interest in seeing young people involved in the sport of sailing. We aim to introduce children to basic small boat sailing, safety and sportsmanship. A variety of boats offers advancement to greater challenges and an introduction to the international racing rules. The main goal is to be on the water, under sail, every day.

Rudder Club Facilities

For nearly half a century, The Rudder Club has provided Jacksonville with family access and leadership in the sport of sailing. It is located on the western bank of the St. Johns River just north of the Buckman Bridge. The Rudder Club has Opti's, laser's, JY-15's, Hobie 16's and Flying Scot's for use in the sailing camp. In addition the club pool is used to assess the campers swimming ability and to simulate capsizes in a controlled environment. The pool is also used extensively for recreational swimming.

Camp Staff

All camp instructors are US Sailing certified sailing instructors or certified sailing assistants. Junior instructors and youth camp counselors are provided formal training in the performance of their duties. The camp teaches in the US Sailing format and strives to provide top quality instruction, since the first experiences of a new sailor form memories which last a lifetime. Experience gained under this system will be recorded in the US Sailing "Little Red Book" that is recognized by other US Sailing schools around the country.

Requirements

- Sailors must know how to swim
- Sailors must present a medical history form, a Participation Agreement and a Treatment Release
- Sailors must be at least 8 years old and no older than 15.
