

## 2020 Summer Camp Safety Precautions

As we are gearing up for the return of summer camp for 2020. The Rudder Club will be following all Federal, State, Local and Rudder Club Board of Directors guidelines regarding social distancing and group size as they pertain to our programming. We are taking additional precautions and instituting strict safety measures to keep you and your family safe while at the Rudder Club.

1. All summer programs will have a limited number of participants in order to comply with CDC guidelines and to keep our participants safe. We will have smaller group sizes and follow strict instructor/student ratios as well as limit the number of participants in each area.
2. All participants **MUST** bring their own hand sanitizer, sunscreen, water bottle, food.
3. Please bring a packed lunch to eat at break time. We do offer refrigeration.
4. Each day at drop off – participants will have their temperature taken with a no- touch forehead thermometer. If there are any concerns – the participants will be required to stay home.
5. Club owned equipment we will take reasonable steps to keep the club equipment clean and sanitized
